Programme outline

The normal duration of study is 6 to 12 months (2 or 3 terms). Each content area requires attendance at a series of online and face-to-face sessions with practical learning in your school as well as extended learning, reading and reflection.

For each NPQ, you will need to complete an induction event, face-to-face events, school visits and webinar sessions as well as a final assessment. You will undertake professional learning with support and guidance from our team of experienced school leaders and facilitators. The time required for **NPQML** is 110 hours, for **NPQSL** is 140 hours and for **NPQH** is 175 hours.

The NPQ content & assessment framework identifies 6 content areas, for each NPQ level, which set out *what* a leader should know or be able to do. The six content areas are common to each NPQ level, but the knowledge and skills within them increases in sophistication, depth and breadth progressively through the NPQ levels. They are:

- *Strategy and Improvement*
- *Teaching and Curriculum Excellence*
- *Leading with Impact*
- *Working in Partnership*
- *Increasing Capability*
- *Managing Resources and Risks*

Assessment

Assessment Criteria

For each content area, participants will be assessed against the assessment criteria listed for each NPQ level, through a series of defined assessment tasks according to the national mark scheme provided by DfE. Participants will be expected to draw upon the relevant bodies of research or examples that relate to the nature of their project.

Assessment Tasks

Each NPQ level has defined tasks setting out how participants must be assessed. Each participant will need to complete a project with supporting evidence for submission as part of the assessment stage.

- For NPQML and NPQSL, this consists of one project, split into two parts.
- For NPQH this consists of two separate projects, one of which must be based on each participant's experiences during a 9-day placement in another school.
