Programme outline

The normal duration of study is 6 to 12 months (2 to 3 terms).

Depending on your experience and other commitments, you could complete in 6 months or it may take up to a year.

For NPQML, you will need to complete an induction event, face-to-face events, school visits and webinar sessions as well as a final assessment. You will undertake professional learning with support and guidance from our team of experienced school leaders and facilitators. The time required for NPQML is 110 hours.

The NPQ content & assessment framework identifies 6 content areas for NPQML level, which set out *what* a leader should know or be able to do. The six content areas are common to each NPQ level, but the knowledge and skills within them increases in sophistication, depth and breadth progressively through the NPQ levels. They are:

- *Strategy and Improvement*
- *Teaching and Curriculum Excellence*
- *Leading with Impact*
- *Working in Partnership*
- *Increasing Capability*
- *Managing Resources and Risks*

Assessment

Assessment Criteria

For each content area, participants will be assessed against the assessment criteria listed for each NPQ level, through a series of defined assessment tasks according to the national mark scheme provided by the DfE. Participants will be expected to draw upon the relevant bodies of research or examples that relate to the nature of their project.

Assessment Tasks

Each NPQ level has defined tasks setting out how participants must be assessed. Each participant will need to complete a project with supporting evidence for submission as part of the assessment stage. For NPQML, this consists of one project, split into two parts. Further details will be shared with participants at the induction meeting.
