

NQT Induction & Support Programme

£750 per NQT, per year for the whole programme, this includes training, CPD opportunities and a full NQT assessment package.

(NQT assessment package only, which includes assessment package training, advice, support and some QA £450 per year).

The first few years of an NQT's development are the most crucial; that is why The Humber Teaching School has developed a highly supportive and comprehensive NQT Induction and Support Programme.

The programme covers all integral aspects of an NQT's development which are matched against the Teacher Standards, as well as offering high-quality CPD delivered by some of the best teachers and leaders across the region and beyond. The programme also includes a full NQT assessment package.

At the heart of The Humber Teaching School's vision is the drive, determination and passion to improve outcomes and the learning experience for young people across Yorkshire and the Humber.

The NQT sessions give me the opportunity to create something new to take forward and use in my own classroom practice. Bianca Sylvester, Yarborough Primary Academy

The sessions I was able to attend were very valuable toward my progress in my NQT year; they have helped me learn and understand how to reflect on my own practice. Jade Chadburn, St. Giles
