

**THOMAS HOLMES**  
**TEACHER OF MATHEMATICS**

*"Training with the **HTS** allowed me the opportunity to train with and learn from a group of **highly experienced teachers** in two **highly contrasting environments**. For me it was the **ideal way to enter teaching** as the extended first placement allowed me to **build strong and effective relationships** with both staff and pupils, helping me to **nurture and grow my teaching talent**. This route has enabled me to **gain employment within the Teaching School Alliance**. I cannot wait to continue my journey with the **HTS** during my **NQT year**."*
